SAFEGUARDING CODE OF CONDUCT FOR VISITORS

General Advice

Introduction

All children have the right to grow up safe from harm.

No child should suffer harm, either at home or at school.

Rugby School is determined that everyone who visits or works here is aware of their responsibility to make sure that all our young people are safe.

We think that you, as a visitor to the School, will want to know what is expected of you. Please ask Sally Rosser, Designated Safeguarding Lead (DSL), or Neil Hampton, Deputy DSL, at the School if you are not clear about anything when visiting the School. Their contact details can be found at the end of this document.

Please remember: if you are worried about the safety of any young person in the school, you must report this concern to Sally Rosser, DSL, Neil Hampton, Deputy DSL, or the Head Master, Mr Peter Green. Please do not remain silent – report any concern to any member of staff.

Depending on the role you are carrying out, you may get to know some of the children whilst visiting or temporarily working at the School. Children often perceive adults, and especially familiar ones, as being trustworthy. To protect yourself and children, you should remember the following:

- If you are a parent visiting your child at the School please introduce yourself to a member of the House team when entering your child's House.
- You must never be alone with a child who is not your own.
- If you find that a child seeks to talk to you on a regular basis, please inform Sally Rosser.
- Never touch a child – unless there is immediate danger.
- Never exchange phone numbers or agree to contact a child whom you have met through your visit to the School.

Knowing if a Child is being harmed

If you are visiting or working in the School for business reasons, you are very unlikely to be engaged in any conversations with children. If however, the purpose of your visit is to work with children, you may find that conversations with them result in concerns about their safety.

Young people will sometimes tell an adult if they are being harmed. They could tell you that they are being bullied at school, or even that an adult was treating them badly. It is also possible that you might notice something that made you think a child might be being harmed. Should this happen, listen but do not give advice.

If you think that a child might be being harmed, you must not keep it a secret, even if the child asks you to do so. You have a duty of care to pass the information on to protect the child in the future. You will not get into trouble if you do pass the information on.

Action if you are worried a child is being harmed:

- Tell Sally Rosser or Neil Hampton or the Head Master at the School as soon as you can.
- Write down the things that are worrying you, including the child's name (if you know it) or as good description as you can give of the child and discuss immediately with the staff named above.

NB: PLEASE READ THIS CODE BEFORE ARRIVAL AT THE SCHOOL
